ABOUT OUR MOBILE TRAILER STAGE

SEE MORE

A PROFESSIONAL STAGE, READY ANYWHERE

Our 5m x 4m mobile trailer stage is a self-contained, quick-deploy performance stage designed for events that need a professional look without complex build schedules.

It arrives as a single trailer, unfolds on site, and can typically be performance-ready as little as 30 minutes — saving you time, cost, and stress.

WHY HIRE THIS STAGE?

- Ideal size for bands, choirs, DJs, speeches, and ceremonies
- Weather-resistant roof canopy for outdoor events
- Clean, professional appearance suitable for public and corporate events
- Minimal ground impact – perfect for parks, town centres, and venues with limited access
- Fully compatible with sound, lighting, and crew add-ons

IDEAL FOR

- Live music & band performances
- Community & council events
- Festivals & fun days
- Outdoor theatre & dance
- Product launches & presentations
- Weddings & private events

MOBILE STAGE SOUND PACKAGES

PROFESSIONAL SOUND, MATCHED TO YOUR EVENT

SEE MORE

Complete sound-system add-ons designed specifically for our Mobile Stage Trailer. From straightforward speech and background music to full live-band and festival production, each package is delivered, installed, configured and removed by our team.

Choose from simple client-operated systems or professional Zenith live sound packages with subwoofers, stage monitoring, digital mixing and band microphones.

Package suitability depends on the event layout, programme, audience area and any local noise restrictions. We will help confirm the most appropriate option for your event. Scan the QR code for more information, specifications and photos of each package.

ESSENTIAL STAGE SOUND PACKAGE

A simple two-speaker sound system for speeches, presentations, background music and solo performers. Includes an analogue mixer, two wireless microphones and music playback connectivity.

£60 each per day (£50 ex. vat)

ENHANCED STAGE SOUND PACKAGE

A flexible four-speaker system for performances, hosted entertainment and wider audience coverage. Includes an analogue mixer, four wireless microphones and configurable stage or audience speakers.

£90 each per day (£75 ex. vat)

ZENITH LIVE STAGE SOUND PACKAGE

Professional live sound with Zenith MH212 main speakers, two S118 subwoofers, stage monitors, digital mixing, four wireless microphones and a basic band microphone package.

£240 each per day (£200 ex. vat)

ZENITH FESTIVAL STAGE SOUND PACKAGE

Our flagship live sound package with Zenith MH212 main speakers, four S118 subwoofers, multiple stage monitors, digital mixing and a complete microphone setup for full bands and multi-act events.

£360 each per day (300 ex. vat)

FREQUENTLY ASKED QUESTIONS

How much space is required for the stage setup? We recommend allowing at least 10m x 6m of clear space to safely position and operate the stage, including access for steps and crew.

How early do you arrive before the event? Our team typically arrives 2 hours before your required ready time, depending on access and add-ons.

Can the stage be set up the day before the event? Yes — early setup is often recommended for larger events or tight schedules. Additional hire charges may apply.

What happens during pack-down? Our crew will return after your event to safely dismantle and remove the stage. Pack-down usually takes 30–60 minutes.

What happens in bad weather? The stage can operate in light rain, but high winds or severe weather may require temporary suspension for safety. We monitor conditions and advise accordingly.

Do you provide risk assessments and method statements (RAMS)? Yes — we can supply RAMS and insurance documentation on request for event organisers and local authorities.

Is the stage compliant with safety regulations? Yes — our stage is installed by trained professionals and complies with relevant UK safety standards.

Do you provide public liability insurance? Yes — full insurance documentation is available upon request.

Can you provide generators? Yes — we can supply generators if mains power is not available. Please ask for a quote.

How much power is required for sound and lighting? Power requirements vary depending on the package. We'll advise based on your setup during booking.

Can multiple acts use the same setup? Yes — our systems can be configured for multiple performers, bands, or speakers throughout the day.

How many people can fit on the stage? This depends on the setup, but the stage comfortably accommodates small to medium bands, choirs, and performance groups.

Can DJs perform on the stage? Absolutely — the stage is ideal for DJs, including space for decks, lighting, and speakers.

Are there any restrictions on what can be used on stage? For safety, some items (e.g. pyrotechnics, heavy equipment) may require prior approval.

Can the stage be installed on grass or uneven ground? Yes — provided the ground is firm and reasonably level. We'll assess suitability during booking.

What if access is limited? Let us know in advance — we can often work around access challenges or suggest solutions.

Do you cover events outside your local area? Yes — we can travel beyond our standard radius. Additional transport costs may apply.

How far in advance should I book? We recommend booking as early as possible, especially for weekends and peak summer events.

What deposit is required to secure a booking? A deposit is typically required to confirm your date, with the balance due before the event.

What is your cancellation policy? Cancellation terms depend on notice given — please contact us for full details.

Can you provide full event production? Yes — we offer staging, sound, lighting, and an experienced crew for a complete event solution.

Can branding or banners be added to the stage? Yes — we can advise on branding options for corporate or sponsored events.

Do you offer lighting for evening events? Yes — we highly recommend our performance lighting package for evening or live music events.

Do I need crew to run sound and lighting? For simple events, you may not, but for live music or larger setups, we strongly recommend a technician.

Still have questions? We'd love to chat—feel free to reach out!
